International Daily Pass

FAQs

Q. What is International Daily Pass?

A. With International Daily Pass, use your phone like you do at home, with unlimited high-speed data,* talk and text in over 200 destinations for \$12 a day.

*When added to your Unlimited Plan. Coverage and Data speed vary by destination and may be changed.

Q. Which destinations are included in International Daily Pass?

A. International Daily Pass is available in more than 200 destinations, found at www.firstnet.com/intlcountries

Q. When am I charged for International Daily Pass?

A. The first time you use data, talk or send a text, your 24-hour pass begins and you will be charged a daily fee. If you stop using your device before your 24-hour session ends, you won't be charged again. If you continue to use your device, you'll be charged a daily fee for another 24-hour session. Daily fees are calculated and applied to your bill at the end of your bill cycle.

Q. How will I be charged if I travel to multiple destinations included in International Daily Pass?

A. You will only be charged one daily fee per line, per 24-hour period for International Daily Pass, even if you travel to multiple included destinations.

Q. Is my family on this same plan when traveling internationally?

A. No, your family will have their own plan. See att.com/Daypass for details. Your FirstNet account will follow your International Daily Pass and your family will follow international Day Pass.

Q. Once I'm charged a daily fee, what do I need to do if I don't want to be charged another daily fee during my trip?

A. If you don't want to be charged another daily fee, stop using your device before your 24-hour pass expires. You should turn off Data Roaming in your device settings to avoid being charged a daily fee for unintentional use.

Q. How will I be charged if I travel to a destination that's not included in International Daily Pass?

A. Pay-per-use rates will apply, found at att.com/ppurates

Q. What destinations can I call with International Daily Pass while traveling abroad?

A. If you're in an International Daily Pass destination, you can call the destination you're in, any other International Daily Pass destination and back to the U.S. for no additional charge. Calls to destinations not included in International Daily Pass will be billed at International Long Distance pay-per-use rates, unless AT&T International Calling package is added to the line placing the call. Go to att.com/intlcalling to review rates and options.

Q. Do I have to opt-in daily to use International Daily Pass once I add it to my device?

A. No. Your International Daily Pass starts automatically when you use data, talk or send a text in an included destination.

Q. Can I use International Daily Pass on a cruise ship?

A. Only AT&T Cruise packages include usage on eligible cruise ships while at sea. Go to att.com/cruiseships to review ships and package options. But if your cruise takes you to an International Daily Pass destination, International Daily Pass applies to usage in port and on land.

Q. Do I need to remove International Daily Pass when I return home to the U.S.?

A. No, you don't need to remove International Daily Pass when you return to the U.S. International Daily Pass only charges a daily fee when you use your device in an included destination. Keep International Daily Pass on your device and you're all set for your next trip abroad. In case you would like to remove it, go to (<https://localcontrol.firstnet.att.com> or att.com/myatt, as applicable), or call +1.800.331.0500

Q. What do I do if I have a service issue when I'm traveling abroad?

A. Most international service issues can be resolved by turning your phone off for one minute and then back on. For trouble using data, check to be sure Data Roaming is turned on in your device settings. If the issue persists, call AT&T International Customer Care at +1.314.925.6925 (a free call from your wireless phone).

INTERNATIONAL DAILY PASS ("IDP"): Eligibility: Available only to qualified Public Safety Entities that have a valid agreement with AT&T for the FirstNet Solution ("Qualified Agreement") and their authorized Agency Paid Users and Subscriber Paid Users. Requires a 4G LTE-compatible, FirstNet Capable device provisioned with a FirstNet Trio SIM card and a qualified FirstNet Mobile plan for domestic use on the FirstNet Evolved Packet Core. For Subscriber Paid Users, certain additional eligibility restrictions apply which may be based on service tenure, payment history and/or credit. AT&T, in its sole discretion, may block your ability to use your device while roaming internationally until eligibility criteria are met. Availability and quality of coverage and services while roaming are not guaranteed. Provisioning: Must be provisioned on a per-device basis before use. You can add IDP to your device before travel or, for non-government customers only, AT&T will automatically add IDP to the line if (i) you have not added IDP and do not have another international feature on the line; (ii) the line uses an eligible smartphone, tablet, mobile hotspot device or laptop while traveling in an Included Destination not included in your domestic rate plan, and (iii) the line incurs at least \$MB in international data roaming usage at pay-per-use rates. If we add IDP to a line, we will send you an email and/or a SMS to the line. Once added to your device, International Daily Pass will stay on your account until you remove it at (<https://localcontrol.firstnet.att.com> or att.com/myatt, as applicable), or call 800.574.7000 or dial 611 from your AT&T mobile phone. Daily Fee: The first time you use data, make or receive a call, or send a text message in an Included Destination, you'll automatically be charged a \$12 daily fee. Text messages received are rated as domestic and do not trigger a daily fee. The daily fee covers additional data, calls, and text messages for 24 hours from the initial use in any Included Destination. You'll be charged an additional daily fee for all subsequent 24-hour periods in which you use data, make or receive a call, or send a text message in an Included Destination, unless you remove IDP. Billing: Your International Daily Pass data and voice usage will generally be applied to the monthly bill period/data amount of your domestic plan at the time it's used. However, because of the way we receive reporting from our international roaming carriers, voice or data usage may not match your exact dates of travel, and voice or data usage may be applied to your subsequent bill period. Destinations: Includes usage in over 200 destinations and on select enabled international flights ("Enabled Flights") (each, an "Included Destination" or collectively, the "Included Destinations"). For the list of Included Destinations (including participating airlines and Enabled Flights), go to firstnet.com/intlcountries. Coverage not available in all areas. Included Destinations and rates are subject to change without notice. Cellular networks on select airlines: Participating airlines and Enabled Flights are subject to change without notice. Passengers on participating airlines are not guaranteed to be on an Enabled Flight. Device must be on, with Airplane Mode and Wi-Fi turned off and data roaming and cellular data turned on to use the cellular network on an Enabled Flight. Cellular service on an Enabled Flight is available only at greater than 200 nautical miles outside of the U.S. border and above 20,000 feet cruising altitude. In the event of satellite interruption or regulatory constraint, airline cellular services may be disrupted or disabled. Data: Data will be drawn from your domestic plan allowance. Additional or promotional data may not be available for use in destinations outside the U.S. Actual data speeds vary by device and location. Data Overage: If you go over the amount of data in your qualified plan or other allowances during your bill period, overage charges will apply. Incidental data usage: Apps on your device use data even when you may not be aware. Such usage may trigger the daily fee. To avoid unintended use of IDP, turn off cellular data roaming in your device settings. Unlimited Talk: For phones only. Includes calls received in Included Destinations and made from Included Destinations to the U.S. and to other Included Destinations. Calls to Non-Included Destinations: Calls from Included Destinations to non-Included Destinations will incur International Long Distance ("ILD") charges. Pay-per-use rates apply unless you add an ILD package to the device making the calls. Rates subject to change without notice. To see what it costs, go to att.com/intlcalling. Unlimited Text: For phones only. Applies only to AT&T Short Messaging Service (SMS) and Multimedia Messaging Service (MMS) and not to other messaging services or applications like iMessage. If your domestic plan does not include unlimited text, messages received will be drawn from your domestic plan allowance and domestic overage charges may apply. Pay-per-use rates: Apply when traveling in destinations not included in IDP and/or when you have not added a package. For rates, see att.com/intlpprates. Service restrictions: Only available for use with eligible devices (i.e., smartphones, feature phones (basic/messaging phones) and tablets). International use aboard cruise ships is not included. Canada, Mexico and the Pacific Territories: You won't be charged the \$10 fee for International Daily Pass in Canada, Mexico or the Pacific Territories, as your domestic FirstNet Mobile plan includes usage in those locations at no additional charge. Miscellaneous: For devices with an active International Daily Pass and a legacy Passport package, International Daily Pass charges will apply in Included Destinations and usage in Included Destinations will not reduce the Passport allowances or trigger Passport charges. If you want to use Passport in an Included Destination, you must remove IDP.

GENERAL WIRELESS SERVICE TERMS: Subject to the applicable Qualified Agreement or, for Subscriber Paid Users, the Consumer Service Agreement found at www.att.com/csa. Service is not for resale. If AT&T does not enforce any of the terms or restrictions of its service offerings, it is not a waiver of AT&T's right to enforce those terms or restrictions. AT&T reserves the rights to enforce all terms and restrictions at any time. If AT&T determines your use of services violates any of the applicable terms or policies found in the applicable Qualified Agreement or Consumer Service Agreement, we may in our sole discretion suspend, modify, terminate or restrict your service. Export Restrictions: You are solely responsible for complying with U.S. Export Control laws and regulations, and the import laws and regulations of foreign countries when traveling internationally with your device. Coverage: Availability, quality of coverage, and services while off-network (roaming) are not guaranteed. Coverage is subject to change without notice. Additional restrictions may apply.
